TARIFF FORMAT

I. Page Numbering - Page numbers appear in the upper right corner of the page. Pages are numbered sequentially. However, new pages are occasionally added to the tariff. When a new page is added between pages already in effect, a decimal is added. For example, a new page added between Pages 14 and 15 would be Page 14.1.

II. Page Revision Numbers - Revision numbers also appear in the upper right corner of each page. These numbers are used to determine the most current page or version on file with the Kentucky Public Service Commission. For example, the 4th revised Page 14 cancels the 3rd revised Page 14. Because of various suspension periods, deferrals, etc. which the Commission follows in its tariff approval process, the most current page number on file with the Commission may not always be the tariff page in effect.

III. Section and Paragraph Numbering Sequence - There are nine levels of sections and paragraphs. Each level is subservient to its next higher level:

IV. Check Sheets - When a tariff filing is made with the Commission, an updated check sheet accompanies the tariff filing. The check sheet lists the pages contained in the tariff, with a cross reference to the current revision number. When new pages are added, the check sheet is changed to reflect the revision. All revisions made in a given filing are designated by an asterisk (*). There will be no other symbols used on the check sheet if these are the only changes made to it (i.e., the format, etc. remains the same, just revisions on the same pages). The tariff user should refer to the latest check sheet to find out if a particular page is the most current on file with the Commission.

OF THE GENERAL SUBSCRIBER SERVICES TARIFF AS FILED BY BellSouth Telecommunications, Inc. AND SUBMITS THE FOLLOWING SUBSTITUTE:

A.2.4. Payment Arrangements and Credit Allowances (SouthEast Telephone, LTD. Substitute)

A.2.4.1. Advance Payments

An applicant for services or facilities may be required to pay in advance of installation an amount not to exceed applicable service charges, installation or other nonrecurring charges plus charges for one (1) month of service. Where construction charges are applicable, the payment thereof maybe required in advance of start of construction.

A.2.4.2. Deposits

A. Any applicant who is unable to establish a satisfactory credit standing with SouthEast or any subscriber whose credit standing has become impaired may also be required to deposit a sum up to an amount equal to either the charge for two (2) months local service or the charge for the estimated toll messages during a like period, or both. Any such deposit may be held during the continuance of the service as security for the payment of any and all amounts accruing for the service.

A.2.4. Payment Arrangements and Credit Allowances (Cont'd)

A.2.4.2. Deposits (Cont'd)

B. Interest will be paid on all sums held on deposit at the rate of six percent annually. The interest will be applied as a credit to the customer's bill. If the deposit is credited to the customer's bill prior to the deposit anniversary date, interest will be credited to the customer's bill on a pro-rated basis. If interest is not credited to the customer's bill annually, interest will be computed by a method which will result in an amount no less than that obtained by using a middle course method between simple and compound interest in compliance with Commission Order dated October 31, 1989 in Case No. 89-057. Interest on deposits computed in this manner will accrue until credited to the bill.

C. The fact that a deposit has been made in no way relieves the applicant or subscriber from complying with regulations as to advance payments and the prompt payment of bills on presentation or constitutes a waiver or modification of regular practices providing for the discontinuance of service for nonpayment of any sums due SouthEast.

A.2.4.3. Payment for Service

A. The subscriber is responsible for payment of all appropriate charges for telephone services, including completed calls and equipment. The subscriber will receive a monthly bill for telephone services provided by SouthEast. The bill will include the subscriber's telephone number, the due date of the bill, the amount due, the period of time covered by the bill and itemized local and toll charges as appropriate. Similar billing information will be provided on separate sheets for the subscriber's preferred long distance carrier and other carriers as appropriate. All charges due by the subscriber are payable at SouthEast's Business Office or at any other agency duly authorized to receive such payments. If the subscriber believes any item on the monthly bill to be in error, the subscriber may object in person at SouthEast's Business Office, by telephone, or in writing. If objection is not received by SouthEast within thirty (30) days after the bill is rendered, the account shall be deemed correct and binding upon the subscriber. Nonpayment of charges for service may result in the interruption or discontinuance of any or all of the services furnished the subscriber.

A.2.4. Payment Arrangements and Credit Allowances (Cont'd)

A.2.4.3. Payment for Service (Cont'd)

B. Except as otherwise stated in this tariff, the subscriber shall pay monthly in advance or on demand all charges for services and equipment and shall pay on demand all charges for long distance service and billed local usage.¹ The subscriber is responsible for payment of all charges for services furnished the subscriber, including charges for services originated or charges accepted at the subscriber's station. Service shall not be discontinued for nonpayment of charges unless SouthEast has given the affected subscriber a written notice of the proposed date of disconnection at least five (5) days before the proposed date of disconnection. No service shall be terminated until at least twenty (20) days after the due date of the original unpaid bill.

C. Should service be suspended for nonpayment of charges, it will be restored only in accordance with payment of a charge for restoration of service as shown in Section 4 of this Tariff. When the period of suspension is more than one (1) day, credit will be given from the date of suspension up to and including the date service is restored.

D. When service has been disconnected for nonpayment, the service agreement is considered to have been terminated. Reestablishment of service may be made only upon the execution of a new service agreement which is subject to the provisions of this Tariff.

E. In its discretion, SouthEast may restore or reestablish service which has been suspended or disconnected for nonpayment of charges, prior to payment of all charges due. Such restoration or reestablishment shall not be construed as a waiver of any rights to suspend or disconnect service for nonpayment of any such or other charges due and unpaid or for the violation of the provisions of this Tariff, nor shall the failure to suspend or disconnect service for nonpayment of any past due account or accounts operate as a waiver or estoppel to suspend or disconnect service for nonpayment of such account or of any other past due account.

F. SouthEast will apply an administrative charge to the subscriber's account for each separate occasion upon which a check, draft or other payment

instrument is not honored by the issuing establishment for the reason of insufficient funds. The administrative charge to be applied shall be, in each instance, \$20 per check or draft which is not honored by the issuing institution

Note 1: Basic monthly charges are billed in advance. Toll charges for long distance services and additional charges for local usage are billed in arrears.

G. Customers who have deferred payment agreements for services provided by SouthEast will be allowed to spread Service Charges as specified in Section 4 of this Tariff, plus interest over the respective period of the agreement. Interest on the deferred amounts will be calculated based on the average commercial interest rate of three (3) major lending establishments in the Commonwealth of Kentucky at the time of individual agreements. The three institutions to be used in any case of interest rate derivation shall be selected from the following six establishments: Bank One - Kentucky, Trans Financial Bank, Pikeville National Bank and Trust, National City Bank, Fifth Third Bank and PNC Bank. If, in the judgement of SouthEast, the interest rate derived above is insufficient to cover the costs of providing the deferred payment option, SouthEast will suspend the availability of such option until such time as the costs of providing said option can be recovered through the above noted method of interest derivation. SouthEast will inform the Commission of its intention to suspend the option previous to enacting any suspension. Deferred charges (including calculated interest) will be prorated on a monthly basis over the length of the selected deferral period.

H. A late payment charge of 1.25 percent applies to each customer's bill (including amounts billed in accordance with Tariff on Billing and Collection Services) when any undisputed portion of a previous month's bill has not been paid in full prior to the next billing date. The 1.25 percent charge is applied to all new charges on a customer's previous month's bill which were not paid prior to the next billing date. Additional penalty charges shall not be assessed on unpaid penalty charges.
